ACCOUNT DISCLOSURES

Except as specifically described, the following disclosures apply to all of the accounts.

1. RATE INFORMATION — The annual percentage yield is a percentage rate that reflects the total amount of interest to be paid on an account based on the interest rate and frequency of compounding for an annual period. For 55 Plus Checking and Standard Checking accounts, the interest rate and annual percentage yield may change quarterly as determined by the Credit Union's Board of Directors.

2. INTEREST COMPOUNDING AND CREDITING — The compounding and crediting frequency applicable to each account is set forth in the Rate Schedule.

3. ACCRUAL OF INTEREST — For all earning accounts, interest will begin to accrue on noncash deposits (e.g. checks) on the business day you make the deposit to your account. For 55 Plus Checking and Standard Checking accounts, if you close your account before accrued interest is credited, you will not receive the accrued interest.

4. BALANCE INFORMATION — To open any account, you must deposit or already have on deposit the minimum required share(s) in a Primary Savings or Youth Savings account. Some accounts may have additional minimum opening deposit requirements. The minimum balance requirements applicable to each account are set forth in the Rate Schedule. For Standard Checking accounts, there is a minimum average daily balance required to avoid a service fee for the statement period. If the minimum average daily balance requirement is not met, you will be charged a service fee as stated in the Fee Schedule. For Standard Checking accounts, there is a minimum average daily balance required to earn the annual percentage yield disclosed for the crediting period. If the minimum average daily balance requirement is not met, you will not earn the annual percentage yield stated in the Rate Schedule. For accounts using the average daily balance method as stated in the Rate Schedule, interest is calculated by applying a periodic rate to the average daily balance in the account for the crediting period. The average daily balance is calculated by adding the principal in the account for each

day of the period and dividing that figure by the number of days in the period.

5. ACCOUNT LIMITATIONS — For all accounts, no account limitations apply.

6. FEES FOR OVERDRAWING ACCOUNTS — Fees for overdrawing your account may be imposed on each check, draft, item, ATM transaction and one-time debit card transaction (if member has consented to overdraft protection plan for ATM and one-time debit card transactions), preauthorized automatic debit, telephone initiated withdrawal or any other electronic withdrawal or transfer transaction that is drawn on an insufficient available account balance. The entire balance in your account may not be available for withdrawal, transfer or paying a check, draft or item. You may consult the Funds Availability Policy Disclosure for information regarding the availability of funds in your account. Fees for overdrawing your account may be imposed for each overdraft, regardless of whether we pay or return the draft, item or transaction. If we have approved an overdraft protection limit for your account, such fees may reduce your

approved limit. Please refer to the Fee Schedule for current fee information.

For ATM and one-time debit card transactions, you must consent to the Credit Union's overdraft protection plan in order for the transaction amount to be covered under the plan. Without your consent, the Credit Union may not authorize and pay an overdraft resulting from these types of transactions. Services and fees for overdrafts are shown in the document the credit union uses to capture the member's opt-in choice for overdraft protection and the Schedule of Fees and Charges.

7. MEMBERSHIP — As a condition of membership, you must purchase and maintain the minimum required share(s) as set forth below.
